HARIHARAN S

JAVA DEVELOPER

9488646025 / hariharansekar999@gmail.com / Coimbatore

OBJECTIVE

🚀 A passionate Computer Science graduate eager to kickstart a career in full-stack development. With a strong foundation in Java, Spring Boot, and Angular, I specialize in building efficient, scalable, and dynamic web applications. I have a working knowledge of SQL for database management and a basic understanding of Python, particularly within the Flask framework. My expertise extends to UI/UX design, where I craft engaging and immersive digital experiences. Let's collaborate to engineer excellence and shape the future of technology!

EXPERIENCE

Intern - Cognizant Technology Solutions, Coimbatore - Onsite(January 2025 - May 2025)

- Mapped to the Angular Java FSE Track, gaining hands-on experience in Spring, Spring Boot, Hibernate, JPA, Spring Security and basic Docker.
- Developed the Online Exam Portal project to apply and test my understanding of full-stack development concepts.
- Successfully graduated with a Green Status, demonstrating proficiency in technical and behavioral abilities through two levels of evaluation.

PROJECT EXPERIENCE

1. **Online Exam Portal**
   - Developed using Spring Boot, Hibernate, SQL, and Angular, ensuring a robust and scalable architecture.
   - Students can attend exams and view results, examiners manage exams and generate reports, and admins control user access and system configurations.
   - Provides an efficient, automated exam management system that streamlines workflows for students, examiners, and administrators.
2. **NLP Model for Text Extraction from Images**
   - A project for SIH 2024 which took me to College level Finalist.
   - Detects text from Image based PDF documents.
   - Model is built using Tesseract OCR

EDUCATION

Bachelors in Computer Science and Engineering **88%**
Panimalar Engineering College, Chennai

CBSE - 12th Board **90.8%**
Sri Chaitanya Techno School
Bangalore

CBSE - 10th Board **91%**
DR MS Udhayamurthy School
Namakkal

Technical skills

Proficient in Java, with foundational knowledge of Data Structures and Algorithms (DSA). Skilled in Angular and Spring Boot for web development. Experienced in graphic design, leveraging tools like Canva to create engaging visuals. Familiar with essential Docker and basic cloud computing concepts for deployment and scalability.

Soft skills

Communication, Leadership, Team work, Time Management.
